

- **What went well and what didn't go so well in 2021?** Use [Slide 2 of the Jamboard](#); Start by adding post-it notes with additional activities and actions that you did this year. You can then move the thumbs up and thumbs down from the bottom right-hand corner to actions and activities that you think went well and those you think didn't go so well. Use this as a base for discussion and ask the important question – why?

Planning for 2022

- RESULTS 2022 New Year's Resolutions: think about personal and group aims for 2022. You could share your ideas on [Jamboard slide 3](#)
- You could share ideas for actions to prioritise using the 'Ranking tool' on [PollEverywhere](#). This lets you all share ideas at the same time, vote on other responses and reach a consensus. Bottom left photo: this is how the ranking activity looks on screen: you enter a response then you can vote up/vote down other ideas. Bottom right photo: this is how the results of the ranking activity look.

- Look at the [campaign calendar](#) with International days, Summits and pledging moments. Pick one moment for each key issue area; health education and nutrition and plan an additional activity for each of these based on the ideas shared in the activity above.
- Consider how you will grow as group. List all the places you can think of where you could advertise the role and reach out to others, such as other like-minded voluntary groups or societies. Turn your ideas into a plan of action! Speak to the RESULTS Campaigns Team if you would like support with recruiting new members.

Remember to keep a note of your thinking – this will help RESULTS know how best to support you, and will be handy for the group to check back on. We encourage someone from each group to email Campaigns Coordinator Ruthie Walters on ruthie.walters@results.org.uk with the highlights of your discussion and planning.
